

ORDINANCE NO. 2013-2

WATER RATE ORDINANCE

An Ordinance amending the schedule of rates and charges to be collected by the Damon Run Conservancy District, Porter County, Indiana, from the owners of property served by the Waterworks of said District and other matters connected therewith.

WHEREAS, the District owns and operates a water distribution system; and,

WHEREAS, it is necessary to amend a schedule of rates and charges so as to produce sufficient revenue to pay expenses of operation and maintenance, debt service requirements, and to provide funds for necessary replacements and improvements to the water distribution system; and,

WHEREAS, the schedule of rates and charges collected by the District from the users and owners of property served by the water system of the District is hereby amended so as to collect sufficient revenues to pay the indebtedness evidenced by the bonds and other operational and maintenance costs of the system, including water supplied by Indiana American Water Company (“Company”); and,

WHEREAS, rates and charges to be collected for the use of and the service rendered by such water system are to be fixed by Ordinance, finally adopted after due notice and public hearing; and

WHEREAS, this Ordinance is intended to and shall replace all other prior adopted water rate ordinances of the District specifically including Ordinance No. 2006-1 and Ordinance 2009-2.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF DIRECTORS OF THE DAMON RUN CONSERVANCY DISTRICT, PORTER COUNTY, INDIANA:

Section 1. Water Rates and Charges. The District is supplied water by and through Indiana American Water Company, Inc. (“IAWC”) and is considered part of IAWC’s Northwest Indiana Operations. The District hereby establishes the rates and charges which are applicable to IAWC’s Northwest Indiana Operations set forth on Exhibit “A” attached hereto and incorporated herein. The District’s wholesale cost for water supply will change periodically to reflect changes in its supplier’s water rates to the District. The wholesale water cost tracker is applicable to all classes of customers. Wholesale water cost trackers will apply for the next applicable consumption period following billing by the District’s supplier.

Section 2. In addition to the above-mentioned rates and charges, each user shall pay a District user fee determined by equivalent single-family dwelling unit (“ESFDU”). The user fee shall be as follows:

All Class I Users – Inside District Boundaries

	<u>Monthly Rate</u>	
	<u>Equivalent Factor</u>	<u>User Fee</u>
Residential:		
Single-family residence/unit	1.00	\$12.00
Apartment, condominiums and townhouses/unit	1.00	12.00

Mobile homes court/space available for rent	0.75	9.00
Duplexes/unit	1.00	12.00
Commercial:		
Retail establishments:		
First 3 employees	1.00	12.00
Each additional employee	0.25	3.00
Professional offices:		
First 3 employees	1.00	12.00
Each additional employee	0.25	3.00
Restaurants, drive-ins, bars, and organizations with eating and/or drinking facilities:		
Per current seating capacity	0.11	1.32
Service stations/auto repair:		
Without car wash:		
First 3 employees	1.00	12.00
Each additional employee	0.25	3.00
With car wash:		
Per car wash bay	2.50	30.00
Recreational Areas:		
Parks	1.00	12.00
Institutional:		
Schools per pupil enrolled (5-day school week)	0.08	0.96
Churches and other religious organizations without eating and/or drinking facilities		
For each 200 members or fraction thereof	1.00	12.00
Governmental:		
Community center	1.00	12.00
Offices:		
First 3 employees	1.00	12.00
Each additional employee	0.25	3.00
Post office:		
First 3 employees	1.00	12.00
Each additional employee	0.25	3.00
Fire department	1.00	12.00

All Class I Users – Outside District Boundaries

Monthly User Fee per ESFDU	Various (1) & (2)	\$157.69
----------------------------	----------------------	----------

(1) ESFDU calculation for outside District boundary customers is defined in the customer agreement with the District.

(2) For each Outside District Boundaries customer, the District on an annual basis will perform a true-up calculation for the portion of the Water User Fee allocable to District Debt Service, which as of the date of this Ordinance is \$145.69. The true-up calculation will be based on actual payments made by the Outside District Boundary customer during the twelve month period versus the Outside District Boundary customer's EDU count multiplied by the District's average single family residential tax bill for the year. If the true-up calculation results in a difference between the actual payments made and the EDU residential tax bill calculation, the

Outside District Boundary customer will either (i) receive a credit from the District equal to the amount the actual payments exceed the EDU residential tax bill calculation or (ii) shall pay the District the amount the actual payments are less than the EDU residential tax bill calculation.

The monthly rates and charges provided herein shall be applied throughout the year based upon the maximum water service required in any month in any calendar year. For example, the user charges based upon employment shall be applied throughout the year based upon the maximum employment of the user for such single maximum employment month, and such maximum usage shall be applied through the year.

Section 3. Payments are due and payable within 21 days of the date of the bill.

Section 4. This ordinance shall take full force and effect after its passage.

Passed and adopted by the Board of Directors of the Damon Run Conservancy District on the 30th day of SEPTEMBER 2013.

WHOLESALE STANDBY WATER SERVICE

Availability

This tariff sets forth rates and terms and conditions of Standby Service applicable to any wholesale customer which has an Alternative Source of Supply, if the Company is obligated pursuant to a Water Supply Contract to provide water to the customer in the event the customer chooses not to use the Alternative Source of Supply to its full capacity or the Alternative Source of Supply is unavailable or insufficient to supply all of the customer's needs. For purposes of this tariff, an Alternative Source of Supply shall mean any external or internal source of water supply (or combination of such sources of supply) other than the Company, including the construction of, an expansion of, or an addition to, a source of water supply, which has capacity available to provide the Standby Customer with at least 300 ccf of water per day on average. This tariff shall not apply (1) to any wholesale customer which has by contract agreed to purchase all of the wholesale customer's requirements for water (meaning all of the water to be delivered by the wholesale customer to its retail customers) for all or an identified portion of the wholesale customer's system, and (2) to any wholesale customer which has by contract agreed to take or purchase a minimum quantity of water.

Amount of Standby Service

The Water Supply Contract shall identify the Standby Customer's Contractual Maximum Daily Standby Demand, i.e., the maximum daily amount of water that the Company is obligated to provide as a standby source of supply in the event that all or a portion of the Standby Customer's Alternative Source(s) of Supply becomes unavailable or insufficient to the Standby Customer.

Customer Charges

All Standby Customers shall pay the monthly total Customer Charges applicable to Sale for Resale Customers by size of meter installed as set forth in the Metered General Water Service Schedule of Rates.

Demand Charges

Each Standby Customer shall also pay for each billing period a Monthly Demand Charge of \$19.4294 per ccf of Contractual Maximum Daily Standby Demand, subject to an additional charge for standby usage in excess of that demand, as specified below.

Usage Charges

In addition to the monthly total Customer and Demand Charges specified above, each Standby Customer shall pay a usage rate of \$1.5738 per ccf for all water actually used (whether or not for standby purposes). For all monthly use (whether or not for standby purposes) in excess of the amount consistent with the Contractual Maximum Daily Demand, the Standby Customer shall be charged for usage in accordance with the Usage Rates contained in the otherwise applicable Metered General Water Service Schedule of Rates.

WHOLESALE STANDBY WATER SERVICE (CONTINUED)

New Customers Requiring Service Under Tariff

Each additional customer which acquires or adds an Alternative Source(s) of Supply after the effective date of this tariff and, as a result becomes a Standby Customer as defined in this tariff shall, within ten days of doing so, notify the company of the total amount of the capacity of the Standby Customer's Alternative Source(s) of Supply, and enter into a Water Supply Contract in accordance with the terms of this tariff.

Each Standby Customer which is taking service under a Water Supply Contract pursuant to this tariff and takes actions which increase the capacity of the Standby Customer's Alternative Source(s) of Supply shall, within ten days of doing so, notify the Company of the resulting total capacity of the Customer's Alternative Sources of Supply, at which time the Contractual Maximum Daily Standby Demand under the contract shall be subject to renegotiation upon the request of the customer.

Charge For Usage in Excess of Contractual Demand

If and when the maximum daily amount of standby water actually used by a Standby Customer (the "Actual Maximum Daily Standby Demand") exceeds that customer's then existing Contractual Maximum Daily Standby Demand, (I) the Actual Maximum Daily Standby Demand shall become that customer's new Contractual Maximum Daily Standby Demand beginning with the month in which the Actual Maximum Daily Standby Demand is established and (II) the Standby Customer shall be subject to an Excess Usage Charge in addition to all other charges under this tariff. The Excess Usage Charge shall be determined by applying the Monthly Demand Charge per ccf to the number of ccf calculated by multiplying the difference between the Actual Maximum Daily Standby Demand and the existing Contractual Maximum Daily Standby Demand by the lesser of (I) 24 or (II) the number of months during the period beginning with the month for which the existing Contractual Maximum Daily Demand first became effective and ending with the month immediately preceding the month in which the Actual Maximum Daily Standby Demand was established.

CLASSIFICATION OF SERVICE
GENERAL WATER SERVICE

Available For

All general water service customers except sale for resale customers.

Billing Frequency

Bills for general water service shall be rendered on a monthly basis; except for Northwest Indiana Operations which allows for bi-monthly billing. The following sets forth the schedules of volumetric rates on a monthly basis and on a bi-monthly basis (Northwest).

Volumetric Rates

The following shall be the rates for consumption:

Area One Group includes: Crawfordsville, Johnson County, Kokomo, Muncie, Newburgh, Noblesville, Northwest, Richmond, Seymour, Shelbyville, Somerset, Southern Indiana, Sullivan, Summitville, Wabash Valley, Warsaw, Waveland, and West Lafayette

Area Two Group includes: Mooresville, Wabash, and Winchester

Area One Group:

	Hundred Cubic Feet	Rate Per 100 Cubic Feet *	Thousand Gallons	Rate Per Thousand Gallons *
For the first	20	\$ 3.2530	15	\$ 4.3489
For the next	4,980	2.3602	3,725	3.1553
For all over	5,000	1.4400	3,740	1.9251

Area Two Group:

For the first	20	\$ 2.7186	15	\$ 3.6345
For the next	4,980	1.9369	3,725	2.5894
For all over	5,000	1.2731	3,740	1.7020

Northwest Indiana Operations - BI-MONTHLY RATE SCHEDULE:

	Hundred Cubic Feet	Rate Per 100 Cubic Feet *	Thousand Gallons	Rate Per Thousand Gallons *
For the first	40	\$ 3.2530	30	\$ 4.3489
For the next	9,960	2.3602	7,450	3.1553
For all over	10,000	1.4400	7,480	1.9251

* Subject to the Distribution System Improvement Charge listed on Appendix A

Note: Unless specified rates are for all areas.

PUBLIC FIRE HYDRANTS

Each municipality or governmental entity responsible for public fire service in the areas listed below shall pay for each public fire hydrant within its boundaries.

Monthly surcharge per hydrant: \$61.60 *

Where applicable: Burns Harbor, Clarksville, Franklin, Porter, Seymour, Shelbyville, South Haven, Summitville, West Lafayette.

PUBLIC FIRE PROTECTION SURCHARGE

Applicability

Applies to customers not located within the boundaries of the governmental entities responsible for public fire service in the areas listed in Public Fire Hydrants. Applicable to any water customer located in areas within municipal boundaries or to any water customer within 1,000 feet of a public fire hydrant (measured from the hydrant to the nearest point on the property line of the customer) on the Company's distribution mains in areas not within municipal boundaries. In addition to the charges for water service under currently approved tariffs, a public fire protection surcharge shall be charged to, and collected from, each customer to whom said surcharge is hereby made applicable. If multiple meters are installed the surcharge(s) shall be based upon the total of all meters installed.

CLASSIFICATION OF SERVICE

METERED PLANT SALES

Available to all customers desiring to purchase water pumped directly into portable water tanks, furnished by the Customer, at the Company's designated plant sites from a coin-operated machine charged at the current schedule of metered rates.

MISCELLANEOUS TEMPORARY WATER SERVICE

Miscellaneous temporary water service is available upon application therefore for construction projects located in the vicinity of distribution mains of the Company suitable and adequate for supplying the service requested in the territory served by the Company. Each application for service under this rate shall list in detail the purposes for which water service is to be used. If more than one fire hydrant or special service connection is used, the customer charge is to apply to each such hydrant or temporary service connection so used.

Rate:

The rate for this service shall be the sum of the charges as determined under sub-paragraphs (a) and (b) below:

(a) The applicant for Miscellaneous Temporary Water Service shall be required to pay the Company's cost of labor plus 30% for supervision, transportation, materials (excluding the cost of the meter), use of tools, and overhead and indirect costs required in connection with establishing, disconnecting and dismantling of the temporary connection. This payment shall be made to the Company before the facilities are installed by the Company based upon amounts estimated by the Company. The payment shall be adjusted to actual costs by a refund or additional charge when service is discontinued.

(b) The volume of water taken through the temporary connection shall be metered by a meter furnished and owned by the Company. For water consumed through such meter, the regular schedule of water rates, including minimum payment provisions, for General Water Service shall apply.

First Revised Page 8 of 9

CLASSIFICATION OF SERVICE

RECONNECTION CHARGE

When it has been necessary to discontinue water service to any premises because of a violation of the Company's Rules and Regulations or on account of non-payment of any bill for water service, a charge of Forty Dollars (\$40.00) will be made to cover the expense of turning on the water service.

However, any service reconnected at the request of a Customer after regular business hours, or on Saturdays, Sundays, or Holidays, will be billed a charge of Sixty Dollars (\$60.00).

INSUFFICIENT FUNDS CHARGE

In the event a check, draft of other instrument tendered to the Company for water service provided by the Company is dishonored by the bank or another institution upon which it is drawn, by reason of "insufficient funds", "account closed" or other similar reason, a Charge For Dishonored Check of Nineteen Dollars (\$19.00) for each such dishonored instrument will be made by the Company to the customer. Such charge will be added to, and will be due and payable on the terms and conditions of the Company's billing in payment of which the dishonored instrument was so tendered. The Company may serve a Customer on a cash basis for the next twelve months only if more than one check of the Customer is returned NSF in the previous twelve-month period. "Cash" shall be deemed to mean U.S. currency, U.S. Postal money order, or certified check.

AFTER HOURS SERVICE CHARGE

A charge of \$20.00 per call will be made for non-emergency customer service calls made after normal working hours, weekends, or holidays at the customer's request, provided the reason for the call was not the fault of the water company. This charge is separate and distinct from the reconnection charges or any other charges. It is non-cumulative in respect to the other charges listed.

REBATES AND ABATEMENTS

When a customer has an extended absence exceeding two months, there will be no abatement of water rates unless the customer notifies the company in sufficient time so the meter can be removed before the customer departs. Service shall be resumed upon notification by the customer and his payment of a \$10.00 service charge, which also includes the cost of removal of the meter.

CLASSIFICATION OF SERVICE

DEFERRED MAIN EXTENSION MONTHLY PAYMENT

Deferred Main Extension Monthly Payment will apply to customers receiving water service through a main extension installed under Rule 8.3. In addition to the rates and charges for General Water Service and, where applicable, Fire Service, such customers will pay a Deferred Main Extension Monthly Payment computed in accordance with the Rule specified above and based on the cost of the main extension.

BILLING OF LICENSE, OCCUPATION, FRANCHISE, OR OTHER SIMILAR CHARGES OR TAXES

There will be added to the Customer's bill, as a separate item, an amount equal to the proportionate part of any license, occupation, franchise, or other similar fee or tax now or hereafter imposed upon the Company by local taxing authorities, whether imposed by ordinance, franchise or otherwise, and which fee or tax is based upon a percentage of the gross receipts, net receipts, or revenues from sales of water rendered by the Company to the Customer.

Where more than one such charge or tax is imposed by a taxing authority, the total of such charges or taxes applicable to a Customer may be billed to the Customer as a single amount.

Charges or taxes herein referred to shall in all instances be billed to Customers on the basis of Company rates effective at the time of billing, and on the basis of the tax rate effective at the time billing is made.
